F. WORK PROGRAM

1. Fees and Charges

R. Stare provided an update regarding the 2023/2024 Fees and Charges Bylaw that went to Council at the end of February. He noted that fees will be increased by 3% for parks and recreation facilities, and that 20 visit, 1 month, 3 month, and yearly passes will be reduced starting in September of 2023.

2. Langley Walk

R. Stare reported that the Langley Walk will take place Sunday, May 7 and is being coordinated with both City and Township staff. Since the course is in the City, more details are being handled by the City of Langley. The course will start and finish at Douglas Park.

3. Township 150 Celebrations

Staff provided a memo to update the committee on Township 150 Celebrations. The following information was provided:

- Will be a multi-day event in late August.
- An online scavenger hunt will encourage residents to explore the Township's facilities and many park amenities.
- Each day of the celebration will have a theme culminating in a large family fun festival on the final day.
- A website will be launched in the coming weeks to provide basis information about the event and initiate the marketing activities.

F. WORK PROGRAM

4. Firefighters vs RCMP Water Battle

T. Taylor provided an update on behalf of the Working Group. He commented that both the firefighters and RCMP have expressed interest in participating and that many of the logistical aspects are being worked out. The Working Group has been in discussions with staff regarding the event.

Discussion ensued and the following comments/questions were provided:

- Could there be local musicians on site between 5:00 – 8:00pm as people are leaving the facility?
- Could the local high school provide parking? The TOL has a standing agreement with the School District regarding use of school parking lots.
- Perhaps the Twilight Drive-In Theatre would like to partner and provide a reduced rate for admission for those who participated in the waterfight.
- Could Triple O's be asked to provide a special menu item to celebrate TOL 150?
- It would be beneficial to handout a flyer to students during the last week of school.
- Working with the DPAC would be a good idea.

A. Bayona joined the Working Group.

5. Langley Awards

S. Cook reported that there were many excellent candidates to choose from this year and that selecting the winners was challenging.

T. Taylor and D. Kang attended the event and said it was an excellent evening.

G. COUNCIL REFERRALS

There has been a request to extend the roof of the field house to provide a cover for the seniors to sit under. Two sponsors have indicated their willingness to help pay for this addition.

TO:	RECREATION, CULTURE, AND PARKS ADVISORY COMMITTEE	**DATE:**	APRIL 25, 2023
FROM:	ARTS, CULTURE, AND COMMUNITY INITIATIVES DIVISION	**FILE NO:**	
SUBJECT:	PUBLIC ART PROJECTS UPDATE		

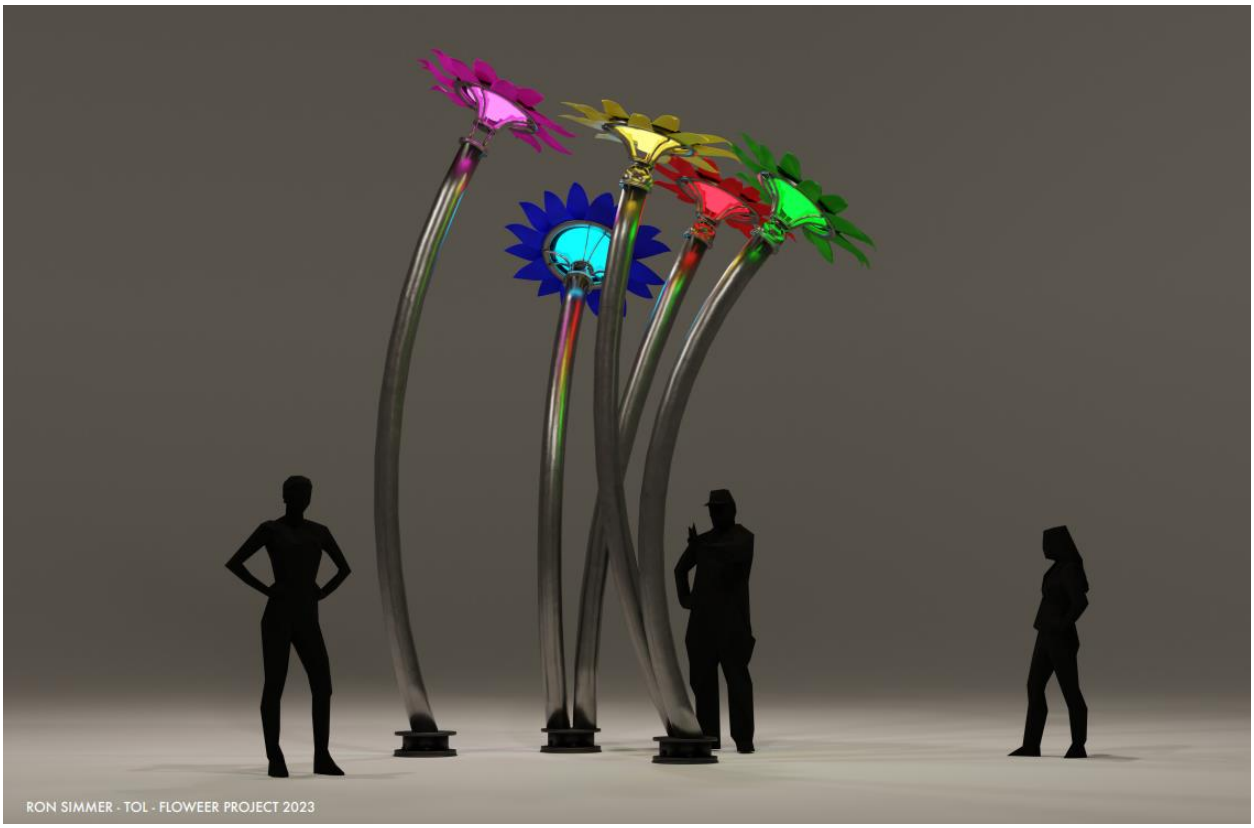

Three new public art pieces are expected to be installed in June and July of 2023. Each of these three pieces have been in the works since the fall of 2022 after having gone through a public process of requesting responses to a call for public art.

The Request for Expressions of Interest for the Latimer Public Art Sculptures project closed in April of 2022. A total of 16 submissions were received for the two sculpture locations. After review and selection by the Public Art Technical Advisory Committee, two artists were awarded commissions to create sculptures for two locations.

The sculpture titled *Night Blooms* by artist Ron Simmer will be installed at Routley Neighbourhood Park just north of the parking lot on 70th Ave and adjacent to a picnic area in the park. (Attachment A) The five individual flower stalks and coloured blooms are solar powered, and motion activated to create an interactive display enhancing the theme of urban ecology. This sculpture is sized at 15' in height x 8' width x 15' length.

The sculpture titled *Heart in the Right Place* by artist Kyle Thornley will be installed at Yorkson Community Park just south of the community garden located between the slo-pitch diamond and synthetic turf soccer field. (Attachment B) The two individual hands forming a heart will be constructed of stainless steel welded to a structural frame. One hand will have a darker patina than the other hand, enhancing the theme of connected diversity. This sculpture is sized at 8.5' height x 3' depth x 18' width.

The third public art project that is underway is the Murrayville Mural by Pulp Studios Inc, an artist team comprised of Randi Hamel, Taj Jamal, Cory Lansdell and Kelly Mellings. The mural will be painted on the north end of the new terminal / hangar building at the Langley Airport off of 216th Street. The mural depicts seven female aviators that flew at a time when women pilots were not accepted into the military, yet they pursued fundraising efforts to aid the war effort in 1940. The Flying Seven, led by Rolie Moore will be depicted in the mural that will be painted on site. (Attachment C) This work is weather dependent and requires a two-week window of warm dry weather to complete the project.
