RCPAC Report: ACUCC Firefighters vs. Police Water Battle (Significant Issues Report)
Tristan Taylor
May 8th, 2023

Introduction:

In light of this event's magnitude and collaborative requirements, we have experienced ongoing issues concerning the basic foundation of the ACUCC Firefighters vs. Police Water Battle. Detailed below is a comprehensive list of the concerning issues and our ongoing efforts to improve the timeline and success of the event.

Issues List:

1. RCMP Participation:

The RCMP have various procedures, safety precautions and gear that make it difficult for them to participate on multiple fronts. The working group and I are currently drafting solutions to the issues the department has outlined; additionally, I connected with Councillor Martens last week regarding this issue, and she noted she could be of assistance.

Solution: Joint communication with the working group, Councillor Martens and the RCMP to assess the department's concerns and garner support. Councillor Martens's experience at VPD will greatly assist in this communicative process and provide a new understanding of the RCMPs safety regulations.

2. Fire Participation:

Currently, the IFF has fully backed the event with no concerns aside from interdepartmental issues. From my communications with the department, the previous fire chief refused to involve the department in any community-related activities as of late. This unfortunate position has stalled the confirmation of a fire truck, hoses, and gear for the volunteer firefighters.

Solution: Joint communication with the working group, Councillor Baillie and the new fire chief to confirm the department's support. Councillor Baillie’s previous experience as a fire chief will greatly assist in this communicative process and shine a light on how the department can be of assistance.

3. Set Dates:

Since last month's meeting, I have been in contact with events planner Kevin Muirhead regarding the events possible inclusion during the TOL 150 celebrations. They just came up with these dates last week (the week of May 1st) and will now decide what events should be included.

Solution: Continued communication with the working group Kevin and open communication with the TOL 150 planning group. Additionally, issues with Police and Fire must be settled in a timely fashion so as to appeal to the TOL 150m Planning group.

4. The non-compete clause with Triple O's

This issue is currently being addressed as of this week. As we have been informed, this problem should not be one of the major concerns once discussions begin.

Solution: Continued communication with Rob Stare, Triple O's and the working group to create an agreement to include other food and beverage services at the event.

5. Sponsorship and attendee's

Until these issues are resolved, there is no way to book any vendors, acquire sponsors or garner attendees.

Solution: A multi-level collaboration to ensure the event comes to fruition in a successful and impactful way!
